In this regard every complaint for non-registration of FIR and court order was monitored. The defaulter officers who delayed the FIR were proceeded against. It was also ensured that every case is investigated on merit. Regular monitoring of each case was conducted and circle wise meetings of IOs were held in which each cases file was

examined to ensure fare and impartial investigation. No pressure from either corner was accepted in this process. DSP/SDPO of this district has also given task to ensure free registration of case as well as fare investigation. It was also ensured that no torture based investigation may be carried out and it was ensured to be conducted according to modern techniques. Same procedure will continue in the next year.

Improvement in detection of cases:

During the next year percentage of detection of cases under head crime against person, property and local & special law will be enhanced and it is decided to launch effective campaign for detection of un-traced cases by arresting criminals at large.

Transfer of investigation:

The procedure laid down in Article 18(6) of Police Order 2002 for the transfer of investigation is causing difficulties for the parties as the parties have to go to First Change of Investigation Through District Standing Board and for the Second change Investigation go to Range Office which has added a lot to their problems. It is recommended that the power of second change of investigation within the district may be given to the DPO and in this regard necessary amendment may be made in the relevant article. Now the procedure laid down in Article 18(6) of Police Order 2002, for the transfer of investigation is being followed.
