MAJOR CHALLENGES AND HURDLES BEING FACED IN OFFICIAL WORKING IN DISTRICT MIANWALI.

District Police Mianwali also facing acute shortage resources like other Govt. Departments which causes hindrance and adversely affects the police performance detail of shortage / hurdles are as under: -

Major challenges	Hurdles in official working
Strength	The available strength of District Police is 1492 which is too low to curb the crime and to challenge the menace of terrorism. Infact, as per optimum ratio (1 for 450) the shortage of police personnel is 2098. To meet the requirement of district police Mianwali for fulfilment of the plan and to achieve required result this strength may kindly be enhanced.
Transport	Transport of this district police is insufficient in terms of numbers. Moreover, most of the vehicles which are on road are in shabby and poor condition, which requires maintenance time and again. This mean, old model vehicles enhanced the cost of repair & maintenance. Thus, keeping in view the sensitive installation as well as prevailing wave of terrorism, needs effective patrolling, which required more transport / vehicles to prevent any untoward incident and to save the cost of repair & maintenance.
Traffic Accidents	Due to poor condition of road infrastructure in the district, hardly any traffic sense amongst common populace prevails. Hence, to prevent the road accidents, speed cameras and strength of traffic police at Tehsil level should be materialized to cope the need of hour.
Accommodation	Exiting capacity of accommodation is insufficient to meet the needs. Hence, more accommodation at Police Lines, Mianwali is badly needed.
Non-availability of Sui Gas at Police Lines, Mianwali	It is also badly needed that availability of Sui Gas at Police Line should be there to meet the needs of inhabitants of police lines as well as police personnel.
Issues with Investigative Work	- Lack of professional capacity to make best use of evidence available at crime scene - Reliance on conventional means of investigation (extracting confessions through physical and mental torture) - Lack of training regarding use of modern technology for investigations - Non-availability of modern investigative tools and corresponding training/capacity building - Hence, it is imperative that I.Os should be equipped with modern investigation tools & gadgets to curb the crimes effectively and timely.
Obsolete Building and Structure of DPO Office	Building of DPO office is outdated and obsolete. Hence, required new building with spacious room. Therefore, it is requested that new building of DPO Office Mianwali may be established.
