

ANNUAL POLICING PLAN FOR DISTRICT NANKANA SAHIB 2024-25

PREFACE

According to Article 32(4) of Police Order 2002, Head of the District Police shall prepare Annual Policing Plan. The Policing Plan sets out our strategic objectives for the year 2023-24. One of the guiding principles of the plan is that police will continue to improve its performance through intelligence-led operations and high visibility patrolling. Managing crime and ensuring safety to the public are part of our core business. This year's plan identifies a number of key actions including targeting organized crime as well as renewed focus on crimes against the person and property.

The policing plan also outlines Punjab Police priorities in the key areas of enhancing partnerships with the community and other agencies with a view to identify and solve problems together, reduce anti-social behavior and provide security to all society.

Immense increase in population, proliferation of weapons, maintenance of law and order, security of religious places and other assignment of the similar nature makes our targets difficult. This year we plan to re-divert our greater energies & resources for crime prevention and detection to ensure safety of the public at large particularly during *Muharram-ul-Harram*. Moreover, due to the presence of "*Sikh*" holy places, we reiterate to concentrate more on their security to make their visit safe and memorable to Nankana Sahib in order to boost the image of Pakistan.

The Policing plan summarizes Establishment of "Khidmat Markaz" and Safe City Cameras facilitation Centre and other IT related initiatives which leads to modern policing to promote and improve the perception about the Punjab Police Department within the general public.

SAYED AZIZ, (PSP)
District Police Officer
Nankana Sahib

i. INTRODUCTION OF DISTRICT NANKANA SAHIB

Nankana Sahib is a Holy Place of Sikh religion where the founder of Sikh religion, Guru Nanak dev-je was born. The town of Nankana Sahib was earlier known as **Rai-Bhoe-di-Talawandi** but after the birth of Guru Nanak; it began to be known as **Nanka Sahib or Nankana Sahib**. Guru Nanak passed his whole childhood and young age in Nankana Sahib. To the Sikhs, Nankana Sahib's status is equal to what the Jerusalem is to the Christians of the world and Makkha is to be Muslims of the world. The city is highly revered as it is the birthplace of Guru Nanak and the city is named **Nankana Sahib** after Guru Nanak Sahib.

Guru Nanak did not stay long at Nankana Sahib and soon he set on his missionary tour and went as far as Ceylon. Guru Nanak returned home after twelve long years. Upon his return, **Rai Bular Bhatti** granted Guru Nanak **750 square "Morraba"** of his own land to celebrate his return and guarantee the Guru welfare (the land granted to Guru Nanak by **Rai Bular Bhatti** is still being held under a Gurdwara trust to be used for the upkeep of the numerous Gurdwaras in Nankana Sahib). Nankana Sahib District is newly created District, which came into existence on 1st of July 2005 because of its political and historic importance.

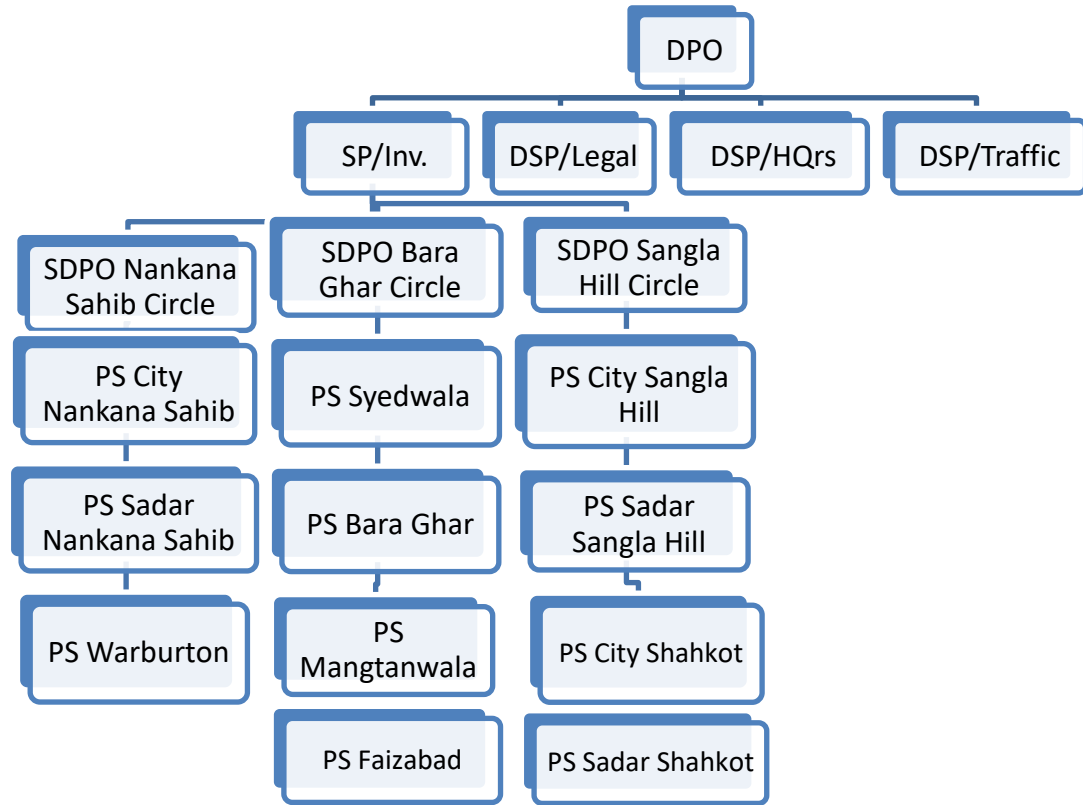

Previously Nankana Sahib was a Tehsil of District Sheikhupura. According to division made by the Punjab Provincial Government, Nankana Sahib now comprising of 03 Tehsils which are as under: -

- A Nankana Sahib**
- B Shahkot**
- C Sangla Hill**

c. Area & Culture

The area of District Nankana Sahib is mostly comprised of villages. The houses in the villages were prepared generally with mud, but due to development in industrial zone, the traditions have been changed and mud houses have been replaced by brick houses with the supply of basic necessities of life i.e. electricity, roads, gas & water, etc. and people have started living up to date. Traditional dress was "kurta" and "Dhoti" but now the use of this traditional dress has diminished and Shalwar Qameez has become the most popular dress.

2. District's Objective of Policing.

Our mission is; "To provide a sense of safety and security to the local community and to reduce fear of crime by building up community policing partnerships". The core values, strategic priorities, objectives and targets for the district-policing plan of Nankana Sahib flow from this mission statement."

i. Protect Life, property and liberty of citizen

We understand that the way we work is as important as what we work. Therefore we have developed a set of following core values for the district police; which we want to achieve by working with citizens of the district, our colleagues and our partners to protect life property and liberty of citizen;

ii. Preserve and promote public peace

We are committed to provide public safety to the residents of the district. We will also ensure that special initiatives are taken for crime prevention and similarly; improvement is brought into the sphere of criminal investigations; so that more offenders are brought to justice and our villages and streets become a safer place to live a normal course of life.

iii. To improve Police efficiency

We are committed to ensure that when somebody approaches the district police; our response should be quick and effective. We will make certain that every contact made by any resident of our district, provides him with the best possible policing service. This will be ensured on the principle of equity; however we will specially focus on the poor and disadvantaged segments of the society. The customer satisfaction will remain our guiding principle.

iv. Building Partnerships.

We believe that policing cannot be effective unless local community has a trust over the police and both work together to tackle crime. Restoring the trust of the community and to engage them in building long term partnerships will remain our cherished goal in order to bring improvement in our services.

a) Service to Community.

Being a public service department, we are committed to provide quality services to our community and we will ensure that the supply of policing remains within four corners of law; and the respect and dignity of every individual are not violated. We will also remain dedicated in selection of our policing priorities based upon the guidance of our local community.

e) Front Desks

The main purpose of establishment of front desk system not only to provide pleasant information about police work which prior to this the general public or any other local department feel bothering while visiting police stations in emergent need. In this regard for the awareness and to help out general public the system of front desk have launched in all police stations of every district in the province with the following observation:-

- i. The front desk staff are well-dressed, young officers who treats the each and every complaints in a proper way.
- ii. They immediately report complaints through a centralized online system.
- iii. The visitors shall be given a few services on-the-spot like registration and verification of private persons and official documents.
- iv. The complainants shall be handed over electronic-receipts.
