Police in Pakistan is passing through a phase of reform and transformation. Sargodha police being part of this change has also tried to contribute through formulation of the Annual Policing Plan for the year 2024-25, and has set clear objectives and targets to be achieved during the year. However, this will only become possible if all the stakeholders provide their support to this reform drive. Cooperation of the local community of Sargodha is of paramount importance in that regard for successful service delivery by the local police. Being District Commander, I am confident that with the support of all our colleagues in the police department and local community of the district, we will be able to achieve the targets set in the policing plan.
