

# ANNUAL POLICING PLAN

For the Calendar year 2022-2023  
(Chapter-IV, Article-32 of Police Order-2002)

## DISTRICT SIALKOT

District Police Officer  
Sialkot

## **SIALKOT DISTRICT A GENERAL PROFILE**

The contemporary policing is based on correct appreciation of challenges and the response thereto. Detailed study of the geographic make-up, analysis of population patterns, ethnic distribution, degree of urbanization and modernization, level of commercial and industrial activity, number of sensitive installations and places of worship are highly important. This study would facilitate police to focus and concentrate its energies and attention on these areas. District Sialkot is predominantly rural with agrarian economy based on farming. A total of 75% of the population live in the villages and is related to agriculture. Rest of the 25 % resides in city/towns and they work in factories. The district is known for the export of surgical instruments, sports goods, and leather products which result in earning foreign exchange for the country. In addition to it, the country's first privately run Airport, Sialkot International Airport Limited (SIAL) is established here. Similarly, Sambrial Dry port is also situated here. Since it is an industrial city, therefore, people are rich and prosperous. They contribute a handsome amount to the national exchequer in the form of various taxes. People of different castes i.e., Jat, Rajput, Arian, Awan, Kashmiri, Pathan, and Sheikh are living in the district. Jat is the largest tribe among the rest which contributes 40% of the population. The importance of policing in present days rapidly changing environment calls for increased and efficient service to the people hence provision of appropriate security cover cannot be under estimated. Police performance today is being assessed, evaluated, and analyzed by the demanding public and critical media. This paradigm shift in attitudes and methods is only possible if policing is not haphazard or wayward but is based on a well-considered plan focused on measurable targets along with the action plan to achieve the specified objectives. Police Order 2002 has made it mandatory for the Head of the district police to chalk out annual policing plan in the light of prevalent crime and visible trends by setting up measurable goals and objectives. It clearly determines priorities that shall be addressed during the next twelve months. These priorities have been set while taking into consideration a wide-ranging agenda for the district police with the aim of providing improved service for making Sialkot district safer for the people. Our aim is to attain excellence for the Sialkot police by establishing rule of law, ensuring human rights, and providing relief to the citizens against the activities of the criminals. These objectives cannot be achieved by the police effort alone unless it is supplemented by wielding a meaningful Police-public co-operation. With limited resources, the Sialkot police is striving to deal with multifarious problem and given the needed resources it will give a better result of its performance during the next twelve months by providing better service delivery to the people and controlling increasing incidents of crime.

## INTRODUCTION

The annual policing plan is the panacea which leads the Sialkot police to achieve strategic goals and specific targets during the next year. The strategic goals, objectives and specific activities highlight the ultimate objective of safer Sialkot. The District Police Sialkot is committed to provide **QUALITY SERVICE** in partnership with the community. Guiding principles of its conduct are illustrated by the word “**S.E.C.U.R.E**” which is explained as under. Professionalism, integrity and accountability constitute the core values as far as working of the district police is concerned. The main theme of the plan is to improve police efficiency and effectiveness by building closer citizen-police relationship, better service delivery, and improvement in administration. Against each priority area, a set of goals and targets have been identified. These goals and targets will be achieved through a number of activities which will be completed during the year. Officers have been designated for ensuring successful completion of these activities. It includes strategies to re-orientate the mindset of the Police and make it a people friendly service.

Police Order 2002 is a big leap forward in this direction. It has provided the basic legal foundations on which a new structure of Police Culture can be built. This plan has been prepared after intensive in-house debates, and keeping in mind, government priorities and needs of the people. Public needs have been ascertained through newspapers, media reports and interaction with various stakeholders.

### MESSAGE FROM THE DISTRICT POLICE OFFICER

*“If we are to achieve, we must look for the opportunity in every difficulty instead of the difficulty in every opportunity.”*

According to the prevailing situation, there is dire need to overhaul police infrastructure/system. In this regard, new avenues, plans and strategies have been drawn in pursuance of police order 2002 to achieve desired objectives and targets.

As a matter of fact, things are moving pretty fast in our modern and scientific world but I have tried my level best to incorporate all the latest developments in policing plan 2021-22. It is the plan to improve the quality of policing. It not only enables the local police to chalk out roadmap for next year policing priorities but also contains elements such as being sensitive to public requirements, incorporating their felt needs in the plan. So, it covers whole range of issues from organizational planning, to community participation and public oversight.

Much like the previous policing plans this one is also citizen focused document aimed at improving the quality of policing services through better and efficient administration and establishing closer contact with the local community.

It gives me great pleasure that the District Police Sialkot will be able to achieve the targets in the current policing plan through dedication, devotion and commitment seeking guidance and active support from all segments of society including CPLC & organizations working for the welfare of the public.

Sialkot**
